- Board Member and Examination chair for ABCDSM
- Practice limited to Dental Sleep Medicine and Craniofacial Pain

## December 7<sup>th</sup> & 8<sup>th</sup>, 2018 Jupiter, FL

## Course Description

**Did you know there is a link between sleep apnea, bruxism, and craniofacial pain?**

It is becoming increasingly clear that dentists involved in one area should be involved in all three. Learn how to assess your patients, prioritize, and fabricate a treatment plan that provides the best results for these three conditions.

## Benefits of Attending

- ✓ Increase your understanding of the link between obstructive sleep apnea, bruxism, and craniofacial pain.
- ✓ Give your patients better quality care by providing the best treatment options.
- ✓ Build referral relationships with physicians by identifying correlations of sleep and pain disorders.

Additional Courses, Dates, and Locations Listed Online
