Course Description

The Critical Thinking & Problem Solving for Dental Sleep Medicine & Pain Treatment 2-Day Course is a grand-round format program designed to bridge the gap between theory and practice, with the goal of increasing the following skills for dental sleep medicine and craniofacial pain practitioners:

- ✓ Problem solving.
- ✓ Decision making in complex and ambiguous situations.
- ✓ Triaging & differential diagnosis of sleep & pain disorders.

Utilizing actual case-studies, this patient-centered experience is aimed at increasing clinician knowledge and confidence for treating unique cases in sleep apnea and craniofacial pain and providing the highest quality care.

Benefits of Attending

- ✓ Fine-tune your differential diagnosis skills to distinguish between pain conditions that present similar clinical features.
- ✓ Create an efficient workflow for sleep apnea and TMD / pain patient treatment.
- ✓ Build confidence for treating complex cases of obstructive sleep apnea and TMD.

Gain the confidence to treat complex cases and become an expert Sleep & Pain practitioner!

“ Dr. Patel was honestly the coolest person I have ever met. Extremely knowledgeable, brilliant, fun and a great speaker. I would 100% recommend this course to anyone and would love to take more courses from Dr. Patel. He's the best. ”
