

Diving into Dental Sleep Medicine Interactive Livestream Seminar

September 29-30, 2020 / 6-9PM EST / 8 CEUs
(Both Nights)

Participants are encouraged to use their webcams for the most interactive experience!

Course Description

Expand your dental practice with leading dental sleep medicine experts in the industry. This course will help you and your team implement obstructive sleep apnea (OSA) treatment into your dental practice.

Focused on the key areas in place needed for success, this interactive virtual dental sleep medicine course will cover:

Introduction, screening, and the treatment workflow for OSA

The pros and cons of the major appliances

Getting paid by medical insurance for OSA treatment

Referral building with physicians and patients

A step-by-step implementation checklist

And much more. This course is designed to set you on the path for successfully implementing dental sleep medicine and oral appliance therapy.
