Course Description

How do you increase your proficiency in new skills?

Many dental sleep medicine and TMD weekend trainings only have time to cover the basic concepts, terminology, and didactic protocols, leaving a large gap in the most crucial stage of learning new skills.

It's time to learn by doing! Increase your dental sleep medicine and TMD skills through 2 full days of hands-on clinical training from leading dental sleep & pain mentor Dr. Mayoor Patel, DDS, MS.

This program will give you the confidence you need to achieve your implementation and growth goals in dental sleep medicine and TMD.

Benefits of Attending

- ✓ Integrate and practice all key elements of the exams and workups for sleep apnea and TMD visits with fellow attendees.
- ✓ Learn and practice treatment protocols including sleep and TMD bite registrations, temporary sleep appliances and splints, trigger-point injections, & more.
- ✓ Practice communication techniques for increasing case acceptance, patient compliance, and referral building.

Gain the confidence to treat complex cases and become an expert Sleep & Pain practitioner!

“ *Dr. Patel was honestly the coolest person I have ever met. Extremely knowledgeable, brilliant, fun and a great speaker. I would 100% recommend this course to anyone and would love to take more courses from Dr. Patel. He's the best.* **”**
