STEP

01

Benefits Breakdown

With a few clicks from the patient data screen in DentalWriter™ Software, you submit a request for a full benefits breakdown including: deductibles, co-insurance, and whether a pre-authorization is required. Returned within 48 hours.

Pre-Authorization and/or GAP

Once the benefit breakdown has been presented, and the patient wishes to move forward with treatment, you submit a request from DentalWriter™ Software for pre-authorization and network gap exception* (when a gap is wanted). Turnaround time varies, depending on insurer. The average is 7-14 days.

*Definition of gap exception: Request for a plan to cover an out-of-network provider at the in-network copayment levels

STEP

02

File Claims

Once services are complete, submit a request from your DentalWriter™ Software for medical claim submission. Turnaround time varies – the average is 30-45 days.

STEP

03

Your Medical Billing Specialist regularly monitors the status of your pre-authorization requests, gap requests, and claims, allowing you to focus on patient care and practice growth.

Simplify your Dental-Medical Billing with Nierman Medical Billing Services.
