Dental Sleep Medicine Mini-Residency

Receive comprehensive DSM education with leading mentors and full team training. (2-sessions)

Medical Billing in Dentistry

Learn how to get paid by medical insurance for sleep apnea, TMD, & oral surgeries.

TMJ & Airway Cadaver Workshop

Acquire hands-on anatomy, differential diagnosis, and injection training for TMD & orofacial pain.

2024 Dental Sleep Symposium

Gain pearls of knowledge while networking with the industry leaders of dental sleep medicine.

"Amazing course, great people. Super informative, very helpful and all my questions have been answered. This has been one of the best and most informative courses I have taken. Will be implementing my new skills in my daily routine starting Monday. Highly recommend this group."

★★★★★ - Nairovi Guadarrama

"I would recommend this program to anyone interested in sleep, getting started in sleep, or who has attended previous courses and is looking for more didactic or clinical information for more real-world application of dental sleep medicine. It truly is an all-encompassing course that prepares you from point A to point Z to implement dental sleep."

★★★★★ - Dr. Logan Clements

"Rose is very detailed with the information that she teaches. I have a lot of confidence now in really making medical billing work for our practice. This seminar is a lot of fun and they go above and beyond to make sure we understand what your learning before moving onto the next subject. I highly recommend this seminar."

★★★★★ - Pam Good
