## Dental Sleep Track

## TMD/Orofacial Pain Track

## Medical Billing in Dentistry Track

# Dental Sleep Medicine

## Implementation of Dental Sleep Medicine

Learn the fundamentals for implementing obstructive sleep apnea and airway treatment into your dental practice with various renowned educators in dental sleep medicine.

## Dental Sleep Medicine Mini-Residency

This 4-session mini-residency gives dental practices the knowledge and guidance to become the go-to sleep dentist in their area. With an emphasis on well-rounded knowledge and practical integration, you'll gain the skills and blueprints needed to grow your dental sleep medicine practice successfully.

## Advanced Dental Sleep And Breathing

If you've wondered about myofunctional therapy, airway surgery, and how to work with other professionals, this course combines advanced airway management using oral appliances featuring our team of dental sleep medicine experts, Dr. Steve Carstensen and special guests from The Breathe Institute to give you more practical clinical answers.

## Current Trends in Dental Sleep Medicine Symposium

The Current Trends in Dental Sleep Medicine Symposium provides the latest in state-of-the-art patient care management, clinical research, and business strategy. Featuring an array of the most prominent educators and companies in dental sleep medicine, enjoy over 10 thought-provoking sessions that will have you energized and ready to transform your dental sleep medicine business.

# TMD & OROFACIAL PAIN

## ABC: Airway, Bruxism, & Craniofacial Pain

Understanding the correlation between airway, bruxism, and craniofacial pain can help you grow your dental sleep medicine and TMD practice by identifying the root causes of symptoms and building stronger referral relationships with physicians.

Learn how to assess your patients, prioritize, and fabricate a treatment plan that provides the best results for these conditions.

## Orofacial Pain Mini-Residency

Learn how to incorporate orofacial pain and TMD into your dental practice through the comprehensive 3-session mini-residency. With didactic and hands-on learning, gain the skills and confidence needed to be successful in TMD & orofacial pain treatment.

## Implementation of TMD and Craniofacial Pain Treatment

This TMD and Orofacial Pain Dental CE course prepares your dental practice to: Understand the different types of pain conditions in the head and neck. Increase your skills to differentially diagnose, refer, or treat headaches, TMJ disorders, and orofacial pain. Begin to establish a successful TMD/orofacial pain center in your dental practice.

## TMJ & Airway Anatomy Cadaver Workshop

The TMJ and airway cadaver course is a unique opportunity to increase your knowledge and confidence in orofacial pain, TMJ, and sleep apnea treatment. Learn from our multidisciplinary team through lectures, demonstrations, and over-the-shoulder dissection to: Gain an in-depth understanding of the anatomy of the head, neck, TMJ, & airway and how to incorporate the knowledge of anatomy for orofacial pain diagnosis and treatment.

## TMJ for the Dental Sleep Medicine Practice

This seminar increases your understanding and proficiency in managing TMJ-related issues in sleep apnea and general patients. Learn how to screen, identify, manage, and co-treat patients with sleep apnea and TMJ disorders.

This course also covers how to triage patients with sleep & TMJ disorders and how to implement trigger point injections.

## Study Club Library & Resources

Explore our library of over 100 study club webinars from top industry leaders, and sit in live every month as we dive into practical and pertinent topics in dental sleep medicine, TMD, and medical billing that keep you in the know.

# Medical Billing in Dentistry

## Successful Medical Billing in Dentistry

Learn start-to-finish how to bill medical insurance as a dental office in this flagship online course and included virtual seminar. Rose Nierman and Courtney Snow make it easy with step-by-step guidance for medical reimbursement results.

## Medical Billing for Dental Sleep Medicine & TMJ

Learn everything you need to receive medical reimbursement for obstructive sleep apnea (OSA) appliance therapy, and TMJ treatment for both private insurance and Medicare.

## Medical Billing for Implants & Oral Surgeries

Gain the knowledge, codes, and strategies to get paid by medical for implants, oral surgeries, bone grafts, CBCT, frenectomies, & more in this online course and virtual seminar.

## Monthly Webinar Cross-Coder's Q&A Live Sessions & Library

Join Rose Nierman and Courtney Snow every 1st Wednesday of the month at 1pm EST to get all of your medical billing in dentistry questions answered.

## Master Dental Sleep Medicine, TMD, and Medical Reimbursement On Your Own Time

Hannah Shires ★★★★★

"This coding course was amazing! It was extremely informative and I feel very confident in my start to medical billing. Rose is phenomenal"

Nairovi Guadarrama ★★★★★

"Amazing course, great people. Super informative, very helpful and all my questions have been answered. One of the best and most informative courses I have taken. Will be implementing my new skills in my daily routine starting Monday. Highly recommend this group."
