**GAIN THE KNOWLEDGE AND HANDS-ON SKILLS TO IMPLEMENT
TMD AND OROFACIAL PAIN INTO YOUR DENTAL PRACTICE**

OVERVIEW

Learn how to incorporate orofacial pain and TMD into your dental practice with the 2022 Orofacial Pain Mini-Residency, a 3-session, 48 CE Credit program of evidence-based and actionable education and training.

The program features Brijesh Chandwani, DMD, Alan Blanton, DDS, and a multi-disciplinary speaker faculty.

With didactic and hands-on learning, attendees gain the in-depth skills needed for success and practice growth in TMD & orofacial pain treatment.

If you have goals to implement orofacial pain and TMD, this mini-residency program is for you.

TESTIMONIALS

"It's been a pleasant experience. Dr. Chandwani was a great teacher. He taught me how to treat and inject my patient. This is something I'm going to definitely start doing soon."

- Dr. Luis Gaud

"This is the most compelling and powerful seminar I have attended regarding this subject-matter."

- Dr. Daron Clark

"I really enjoyed it. The class was organized and I got to learn anatomy and injections and it was as real as it gets. Had a great time!

- Dr. Amparo David

"Dr. Chandwani is very knowledgeable and loves to share. Excellent class, comprehensive, really enjoyed it."
