Course Description

Have you been implementing dental sleep medicine and are now looking to make connections and build referrals with the medical community?

Due to the collaborative nature with other health professionals in the treatment of sleep apnea, it is important that dentists have a solid understanding of the dynamics of airway & sleep medicine that goes beyond the normal dental sleep medicine course curriculum.

This seminar empowers the dental practice to maximize the value of collaborative disciplinary relationships and provide the highest quality patient care for obstructive sleep apnea patients.

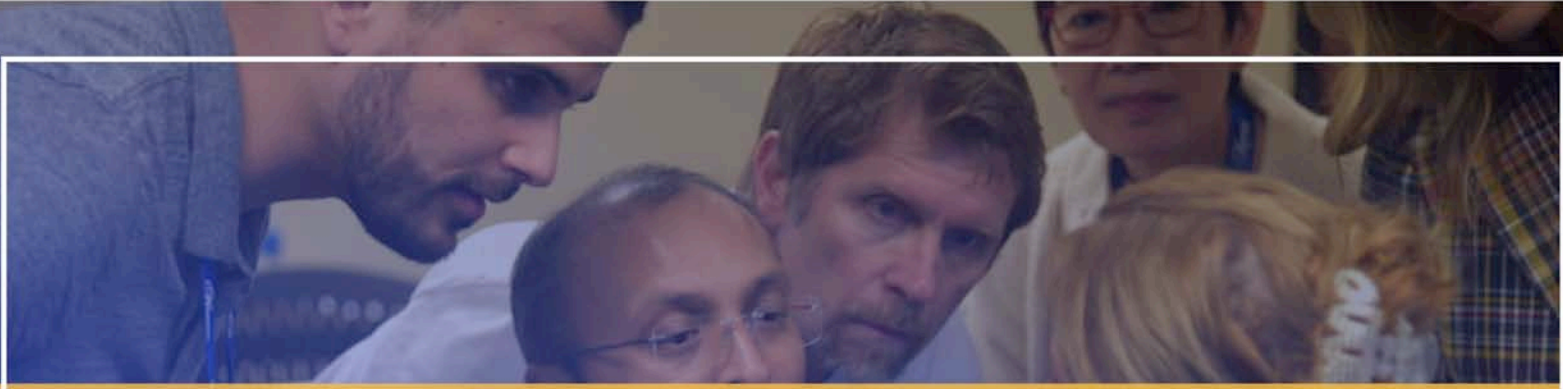

Objectives

- ✓ Increase your understanding of sleep medicine from sleep physicians and other specialists involved in OSA treatment.
- ✓ Building your team: Develop a local referral network strategy and understand telemedicine's role in OSA screening & diagnosis.
- ✓ Learn practice building communication techniques for patients, physicians, and medical insurance.

Additional Courses, Dates, and Locations Listed Online

OBJECTIVES

- ✓ Understanding Physiology of Normal Sleep Processes and Sleep-Wake Timing Mechanisms
- ✓ Interpreting Sleep Testing in Lab or at Home Sleep Testing
- ✓ Identifying patients with suspected SBD in your practice
- ✓ In-depth Medical Insurance Billing
- ✓ Identifying and Managing Complex and Straightforward Breathing Disorders in Sleep
- ✓ Pitfalls of Positive Pressure Therapies
- ✓ Communicating and Building Relationships With Local Pulmonologists
- ✓ Demonstrating Exceptional Patient Care Through Documentation
- ✓ Sleep and TMJ Examination Prior to Treatment Initiation
- ✓ Hypersomnolence Disorders: Narcolepsy and Idiopathic Hypersomnolence
- ✓ Movement Disorders in Sleep: Restless Legs and Periodic Limb Movements of Sleep
- ✓ Communicating and Building Relationships With Local Sleep Physicians
- ✓ Improving your outcomes with Oral Appliance Therapy
- ✓ Choosing the Oral Appliance for Your Patient
- ✓ Preventing and Managing Negative Side Effects with Oral Appliance Therapy
- ✓ Cultivating and Strengthening a Physician Referral Network to Get More Patients Treated
- ✓ Challenging Cases: Review of Attendees' Cases

“It was an incredible course. I really recommend it to anyone who is interested in this field or treating patients already. Dr. Patel's knowledge is incredible. The way he transfers information is also incredible.”
