## Course Description

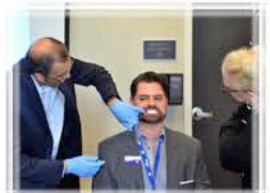

Become a more well-rounded sleep-apnea and TMD dentist and provide the best quality care for your patients.

Up to 1/3 of the population may suffer from some form of TMJ disorder. This course will provide training on how to diagnose, treat, triage, and refer various orofacial pain and TMD conditions in your patients.

In addition, dentists involved in OSA treatment need to be well-versed in the temporomandibular joint.

## Benefits of Attending

- ✓ Gain a solid foundation of TMJ anatomy and function
- ✓ Understand how to diagnose various TMJ disorders
- ✓ Triage patients with sleep apnea and TMJ disorders. What needs to be treated first.
- ✓ Hands-on Botox Injections for TMD

Additional Courses, Dates, and Locations Listed Online
