Mayoor Patel, DDS, MS, RPSGT

- Diplomate of ABOP, ABCP, ABDSM and ABCDSM
- Board Member and Examination chair for ABCDSM
- Practice limited to Dental Sleep Medicine and Craniofacial Pain

January 25th & 26th, 2019 Jupiter, FL

Course Description

Learn to screen, identify, manage and co-treat patients with sleep apnea and TMJ disorders.

It is estimated that over 10 million Americans are affected with TMD. When treating a patient with oral appliance therapy (OAT) for the management of obstructive sleep apnea, it is necessary to have an understanding of the anatomy, function, and disorders that may arise from treating patients with an OA.

Benefits of Attending

- ✓ Gain a solid foundation of TMJ anatomy and function
- ✓ Understand how to diagnose various TMJ disorders
- ✓ Triage patients with sleep apnea and TMJ disorders. What needs to be treated first.
- ✓ Learn the treatment options and protocol for various TMJ disorders.

Additional Courses, Dates, and Locations Listed Online
